COMMUNITY WORK

- Conducted a workshop organised by Google Developer student club NU on Open Source Contribution.
- Provided Mentorship to freshman teams twice in their LPL projects organized by COEET during my 2nd and 3rd year in college.

EXPERIENCE

BACKEND ENGINEER INTERN - RUFFDE (DEC'22 - JAN'23):

- Wrote server-side code and developing APIs for the salons section
- Identified bottlenecks and bugs in **APIs** and devised solutions to mitigate them.
- Worked Jointly with frontend developers and other team members to setup objectives.

WEB DEVELOPER INTERN - LETS GROW MORE (SEP'21 - OCT'21):

- Completed 4-week web development, delivering a dynamic website using **vanillaJS**.
- Developed React Application with state hooks and loader components for fetching dummy API data from **ReqRes**.

PROJECTS

CampAroundTheWorld [LINK](#)

- Developed to foster global campground experiences where users can create and review campgrounds using **Node.js**, **Express**, **MongoDB**, and **Bootstrap**.
- Orchestrated user authentication with **Passport.js**, **Cloudinary** for image storage and **Mapbox** for geocoding the campgrounds.

GuftGu [LINK](#)

- A real-time chat application using **React** and **Firebase** technologies, providing users with a seamless and instant messaging experience.
- Utilized **Firebase** for user **authentication**, **storage** and **database**.

GetSetFit [LINK](#)

- To search for exercises and view recommended youtube videos using React and RapidAPI.
- Technologies used: **ReactJS**, **RapidAPI**, **MaterialUI**.

CERTIFICATES & ACHIEVEMENTS

- The web developer bootcamp 2023 (Colt Steele)
- 30 days of Cloud (GDSC)
- Coordinator GDSC-NIIT University
- Member SAC(student affairs community)
